Contemporary living

PROJECTS

This villa, designed by Zafar ji is an epitome of uber contemporary living with spaced flanked by large opening, double heights and courtyards to allow light to percolate and highlight each corner detail of the home.

VANBROS

Designed by Ar.Rahul Mehrotra, the modern home is a homage to usage of material in its rawness such as the Burma teak louvre's systems or the exposed concrete with metals window sills with creepers climbing on to it, like living amidst a forest .
